## 11th Curriculum Implantology

**BDIZ EDI**

in collaboration with

**University of Cologne**

Interdisciplinary Outpatient Department for  
Oral Surgery and Implantology  
Department for Craniomaxillofacial  
and Plastic Surgery

**Head: Professor Joachim E. Zöller**

## Postgraduate Education Program of the Curriculum of BDIZ EDI in Cologne

### 10<sup>th</sup>/11<sup>th</sup> September 2009: Basics in Oral Implantology

Legal aspects: Expertise and treatment planning

Anatomy and histology

Practice management

Dental examination of patient

Osseointegration

PRP/BMP

Contraindications

**Anatomy: Study of anatomical  
preparations**

**Live-Surgery: Implant insertion**

### 15<sup>th</sup>/16<sup>th</sup> October 2009: Treatment Planning and Diagnostics

Implant systems

BDIZ EDI-Guidelines of indications in oral implantology

High risk patient (selection/monitoring)

Restorative planning

CT-based implantation

**Hands-On: Insertion of implant**

**Live-Surgery: Navigation vs.  
Cone beam device**

### 12<sup>th</sup>/13<sup>th</sup> November 2009: Surgical Techniques

Implant surface

Bone Condensing

Immediate loading

Index record

Temporary appliances

**Anatomy: Exercises in  
preparation**

**Live-Surgery: Single tooth**

### 3<sup>rd</sup>/4<sup>th</sup> December 2009: Prosthodontics

Record of occlusion

Impression taking

Single tooth implant treatment, bridges, edentulous jaw

Combined dental prosthesis

Immediate loading concept

Immediate restoration (bridge)

**Hands-On: Immediate loading  
(bridge)**

**Live-Surgery: Immediate  
loading bar mandibular**

### 21<sup>st</sup>/22<sup>nd</sup> January 2010: Augmentation 1 – Local Bone Augmentation

Biomechanic vs. augmentation

Bone substitute material

Intra-oral bone collection

Bone collector

Membrane technique

Sinus elevation

**Hands-On: Sinus elevation  
Live-Surgery: Sinus elevation  
with bone substitute material**

### 25<sup>th</sup>/26<sup>th</sup> February 2010: Augmentation 2 – Autologous Bone Transplantation

Indication and planning of iliac bone graft

Indication, planning and experience of distraction

Nerve dislocation

Long-term provisional

**Anatomy: Augmentation  
techniques**

**Live-Surgery: Iliac bone  
tissue grafting**

### 18<sup>th</sup>/19<sup>th</sup> March 2010: Soft Tissue Management

Esthetics

Incisional direction

Connective tissue transplantation and implant insertion

Opening techniques

Vestibuloplasty

**Hands-On: Pig's jaw**

**Live-Surgery: Opening  
following iliac bone graft**

### 22<sup>th</sup>/23<sup>th</sup> April 2010: Recall

Peri-implantitis therapy

Recall

Implants and periodontal diseases

Complications

**Hands-On: Technique in  
complications**

**Live-Surgery: Peri-  
implantitis therapy**

Appointments are to be made in advance for internship/supervision and final examination.

The courses will take place from 2 to 8 p.m. (first day) and from 8 a.m. to 6 p.m. (second day).

Registration fee for the curriculum:

**4.176 Euros for members of BDIZ EDI**

**5.452 Euros for non-members**

Reduced registration fee will apply in connection with membership only. Thus minimum period of membership is 36 months.

#### **General terms and conditions:**

Cancellation of registration by the time of 4 weeks prior to the start of curriculum, participant will have to pay cancellation fee in the amount of 100 Euros. Within the timeframe of 1 to 4 weeks prior to the start, 50 per cent of the total registration fee is due. Please submit your cancellation in writing. Your registration is transferable.

In case of program changes, replacement or cancellation of speakers, no guarantee will be assumed. In case of delay or cancellation of curriculum, BDIZ EDI / the University of Cologne will notify you immediately and recompense the registration fee. BDIZ EDI / the University of Cologne can not be held liable for any monetary loss that will result from rescheduling or cancellation of curriculum.
